

Community Walking Tour Booklet

Saturday, October 5th, 2013
9:00 a.m. - noon

Questions

1. What do you think works well about this area and what doesn't work so well?
2. What's your experience visiting and traveling through this area? How easy or hard do you think it is to get around as a driver, pedestrian, cyclist or transit user?
3. What do you like about the appearance of the corridor? What could be improved?

Notes

Tour Stop 4: St. Mary's Rd.

Project Overview

The Livable Moraga Road project is a community-based planning effort, looking at ways to improve the function, character and livability of Moraga Road for autos, pedestrians, and cyclists and transit, in the area between Campolindo High School and St. Mary's Road. Please visit the project website at <http://www.moraga.ca.us/livablemoragaroad> for project information, documents and updates.

Tour Objective

The tour objective is to view conditions on the ground, and share observations and ideas about how to improve and better connect Moraga Road.

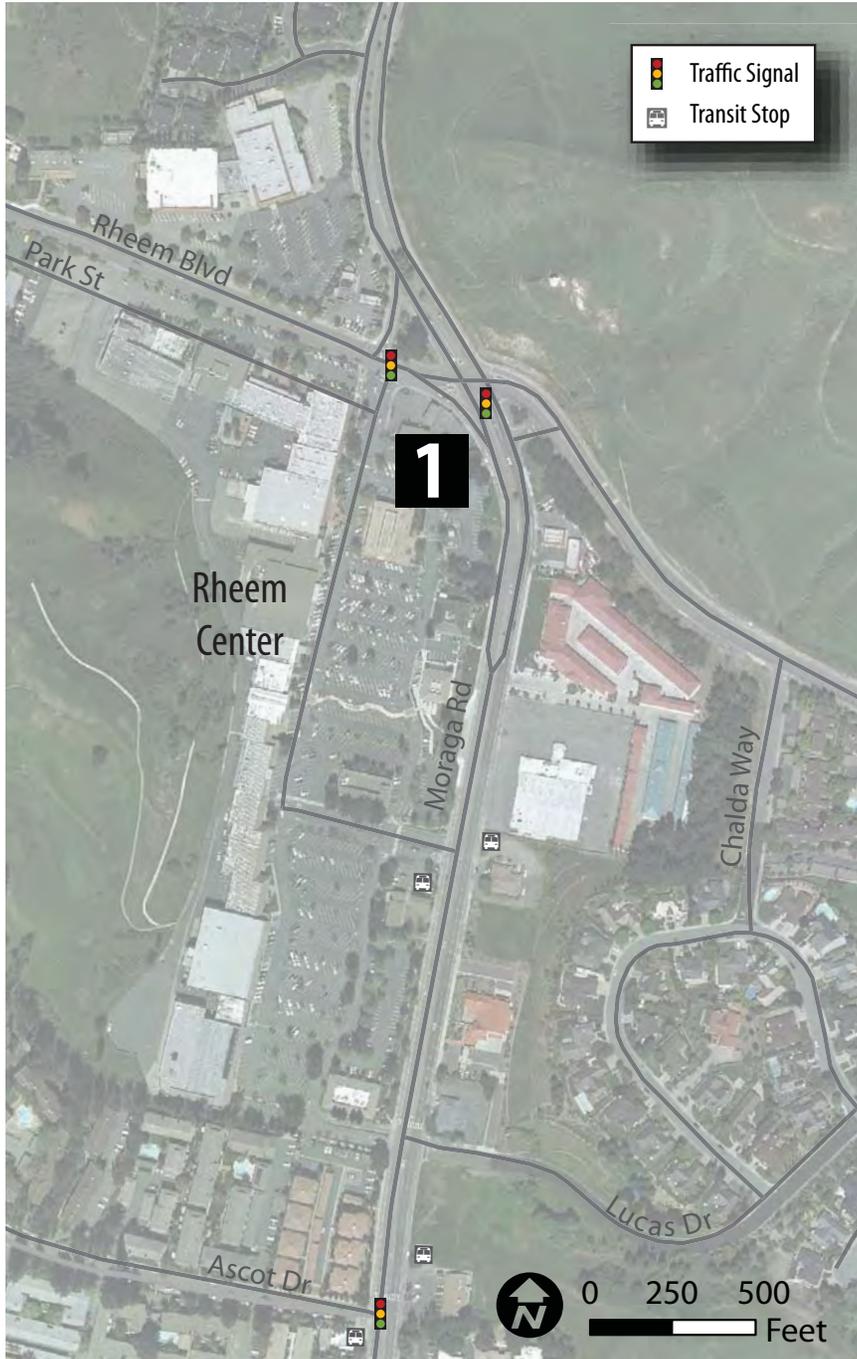

The Campolindo High School area will be the focus of a separate community meeting in October (date TBD).

Community Walking Tour Schedule

Participants are welcome to attend part or all of the tour.
