

# Town of Moraga

**N|V|5**  
BEYOND ENGINEERING

## **COMMUNITY MEETING**

**Wednesday, October 15**

**6:00 p.m.**

**2100 Donald Drive, Moraga**

## **Canyon Road Bridge Replacement Project**

*Q: When will this bridge be built?*

**A: 2016.**

Construction is expected to begin in Early 2016 and be completed in Fall/Winter 2016.

*Q: Will Canyon Road be closed during construction?*

**A: No.**

There will always be access for vehicles, bicycles, pedestrians, and emergency vehicles across the bridge during construction. Please note, however, that there may be temporary closures for short periods of time, but emergency vehicles will always have access through the work area.

*Q: Will the trail be closed during construction?*

**A: No.**

The Park District (EBRPD) requires that the trail (and fire access) be open at all times.

*Q: Will fire and ambulance services be able to get to my house in Canyon?*

**A: Yes.**

The Town of Moraga is currently coordinating with MOFD, County Sherriff's Office and the Moraga Police Department on an emergency services plan. Emergency Services will always have access during construction.

*Q: What else can we expect? Why is this bridge being replaced? What's the status? Will there be a sidewalk on the new bridge?*

**Find answers to frequently asked questions like these and many others at the Community Meeting. Visit the Town's website for more project information: [www.moraga.ca.us/canyonbridge](http://www.moraga.ca.us/canyonbridge)**
