

Urgent Issues Part 3 – How You Can Help

The Town needs help to spread the word about the condition of the neighborhood roads and an open discussion of the options that the residents may have in future funding of a long-term repair strategy. That is why the Town created the Revenue Enhancement Community Outreach to Neighborhoods (RECON) Committee.

The RECON Committee has three main goals:

1. To inform residents of the worsening conditions of local roads;
2. To work with residents to determine what infrastructure improvements the community feels are necessary; and
3. To help residents determine what type of funding mechanism would be most effective to achieve these improvements.

The Committee has already begun presenting to service groups, throughout the community, such as the Chamber of Commerce, Rotary, and Kiwanis. The next step in engaging the residents in a discussion is through bringing the message to smaller groups, such as HOAs, neighborhood groups, book clubs, and parent groups.

The RECON Committee is looking to for volunteers to host a gathering of friends and neighbors to discuss the condition of our neighborhood streets and what we, as a community, can do to fix them. If you would like more information on hosting, please contact Ellen Beans at ellen.beans@gmail.com.
