Zoning Administrator Action – No Hearing	Cost of Service* - \$2,000 deposit	
Zoning Conformance Letter - Request for Written Verification	\$550	Flat Fee

*** Cost of Service Fees:** The cost for each application, except those which have a fixed fee as provided above, shall be the actual cost incurred by the Town based upon the time spent by staff, work performed by consultants and legal counsel for the Town, materials and other related incidental expenses such as printing, mailing and CEQA filing fees. The initial deposit specified for the application is based upon the average cost of previous applications; therefore, it may not be sufficient to cover the actual cost incurred in processing a particular project.

The initial deposit shall be the sum of the required deposits for all applications.

If, after work has commenced, it is determined by the Town that the costs will exceed the original deposit, then the applicant shall be billed for the excess amount and an additional deposit shall be made based on an estimate by the staff on the amount of work remaining to complete the processing of the project. If the cost is less than the deposit, the excess of the deposit over the cost shall be refunded to the applicant 60 days after the close of the project. No processing by the Town shall occur unless all deposits called for above have been made by the applicant.

Advanced Planning Fee: A 10% Advanced Planning Surcharge is incorporated into Planning's Hourly Rates for Staff Services and all Flat Fees to fund State required Housing Element and General Plan updates, as well as other advanced planning initiatives such as Zoning Ordinance updates, Specific Plans, Design Guidelines and other Town-wide advanced planning initiatives.

**TOWN OF MORAGA
PLANNING DEPARTMENT**

Description	FY 2021-22 Fee	Unit
Deposits for projects where the resources required exceed those available in the Planning Department: When it is determined by the Planning Director that resources or technical skills beyond the capability of the resident staff are required to evaluate an application, the staff shall secure an estimate for the cost for such services by outside consultants. Time for Planning Department staff to manage such contracts shall be billed at the hourly rates stated above.		
Refunds: If an application is withdrawn before the Town does substantial work on it, and before any required notice is published or posted, a minimum of \$50 time and materials will be charged from the deposit or fee and the remaining balance will be refunded to the applicant.		
Government Code Section 65104 authorizes the Town to charge fees to support the work of the Planning Department provided that the fees do not exceed the reasonable cost of providing the service for which the fee is charged.

Description	FY 2021-22 Fee	Unit
-------------	----------------	------

Planning Application Reviews (Administered through Planning Department):

Planning Department fees vary depending upon the process required.
 See Planning Department fees section.

Planning Applications with Deposit	Actual Staff Time	
Sign Ordinance Violations	\$40	Per Violation

*** Cost of Service:** The cost for each application, except those which have a fixed fee as provided above, shall be the actual cost incurred by the Town based upon the time spent by staff, work performed by consultants and legal counsel for the Town, materials and other related incidental expenses such as printing and mailing. The initial deposit for the application is determined by the Engineering Director based upon the complexity of the application; therefore, it may not be sufficient to cover the actual cost incurred in processing a particular project.

The initial deposit shall be the sum of the required deposits for all applications.

Insufficient Deposit Funds: If, after work has commenced, 50% of original deposit has been depleted, then the applicant will deposit additional funds based on a revised estimate by the staff on the amount of work remaining to complete the processing of the project. If the cost is less than the deposit, the excess of the deposit over the cost shall be refunded to the applicant 60 days after the close of the project. No processing or inspection work by the Town shall occur unless all deposits called for above have been made by the applicant.

Deposits for projects where the resources required exceed those available in the Public Works/Engineering Department: When it is determined by the Public Works Director that resources or technical skills beyond the capability of the resident staff are required to evaluate an application, the staff shall secure an estimate for the cost for such services by outside consultants. The deposit shall then be the cost of such services plus 25% for management costs.

Refunds: If an application is withdrawn before the Town does substantial work on it, and before any required notice is published or posted, a minimum of \$50 time and materials will be charged from the deposit or fee and the remaining balance will be refunded to the applicant.

TOWN OF MORAGA

DEVELOPMENT FEES
For Reference Purposes Only

Description	FY 2021-22 Fee	Unit

Storm Drain Impact Fee	\$419	per 1,000 SF of Impervious Surface
B&B/Hotel		
General Government Impact Fee	\$99	per 1,000 SF

DEVELOPMENT FEES

For Reference Purposes Only

Description	FY 2021-22 Fee	Unit
Public Safety Impact Fee	\$23	per 1,000 SF
Total Development Impact Fee (w/o Storm Drain Fee)	\$122	
Storm Drain Impact Fee	\$419	per 1,000 SF of Impervious Surface
Miscellaneous (Non-Residential) a		
General Government Impact Fee	\$535	Person
Public Safety Impact Fee	\$125	Person
Total Development Impact Fee (w/o Storm Drain Fee)	\$660	
Storm Drain Impact Fee	\$419	per 1,000 SF of Impervious Surface

Note: Storm Drainage Fee for the Miscellaneous (Residential) and Miscellaneous (Non-Residential) categories is determined based on the impervious surface increased by new development. Calculated fees for other categories presented in this table are the fee per unit or per sq. ft. of new development.

a The Miscellaneous (Residential and Non-Residential) categories are designed to represent a broad variety of potential land uses and will provide flexibility in how fees may be calculated for new development that does not fall within one of the typical land use categories. Miscellaneous (Residential) category includes group quarters, such as assisted living and congregate care, and on-campus student housing. Miscellaneous (Non-Residential) includes light industrial and institutional uses such as medical, educational, religious and other community not-for-profit uses. The fees for the miscellaneous categories would be calculated based on the actual projected increase in resident population, non-resident population, or impervious surface, multiplied by the stated fee shown in the table. For miscellaneous residential land uses, the number of residents will be based on the number of dwelling units, rooms or beds, as appropriate. For miscellaneous non-residential land uses, the number of persons will be based on project gross square footage, divided by employees per square foot (or other metric as appropriate) for similar uses, based on industry standards and/or comparable studies. The number of residents or persons, as applicable, shall be estimated by the applicant and verified by the Planning Director. Net increase in impervious surface shall be based on calculations provided by the applicant's licensed civil engineer, based on project plans, and verified by the Planning Director.

b In the Town's existing development impact fee program, the "Single Family Attached/Townhouse" land use is not specified, and the "Duplex" land use is combined with "Multi-Family" use. Going forward, the "Duplex" land uses are included within this new land use category.

c As further described in Chapter II, Section A3, the Town proposes to adopt a maximum size standard for "Multi-Family/Mixed Use." Multi-family housing is defined to include housing developments where 1,500 square feet is the maximum size for any housing unit within a multi-family development and the maximum weighted average bedroom size for all units within the development is 2.0 bedrooms or fewer. (This two-bedroom unit standard is used because a three-person household can occupy this size unit according to the State of California.) Any multi-family projects that exceed these maximums would be defined as part of the Single Family Attached/Townhouse category, as they would have the potential to have much larger household sizes. As Senior Housing units typically restrict occupancy to senior individuals and limit household size, they are considered multi-family housing omitted from this limitation. Secondary units will be considered multi-family units unless they exceed 1,500 square feet in size or have more than two bedrooms.

Fees In-Lieu of Parkland Development (per Municipal Code 8.140)

Single Family Detached	\$13,933	Dwelling Unit
Single Family Attached/Townhouse a	\$13,933	Dwelling Unit
Multi-Family/Mixed Use b	\$9,016	Dwelling Unit
Senior Housing	\$6,967	Dwelling Unit
Miscellaneous (Residential)	\$4,098	Resident

a Duplex land uses and other attached residential uses not otherwise classified as Single Family Detached, or Multi Family per Footnote b, below, are included within the "Single Family Attached" land use category.

b Multi-family housing is defined to include housing developments where 1,500 square feet is the maximum size for any housing unit within a multi-family development and the maximum weighted average bedroom size for all units within the development is 2.0 bedrooms or fewer. (This two-bedroom unit standard is used because a three-person household can occupy this size unit according to the State of California.) Any multi-family projects that exceed these maximums would be defined as part of the Single Family Attached/Townhouse category, as they would have the potential to have much larger household sizes. As Senior Housing units typically restrict occupancy to senior individuals and limit household size, they are considered multi-family housing omitted from this limitation. Per MMC Section 8.140.060 only a principal residential structure should be charged this fee and not an ADU.

DEVELOPMENT FEES
For Reference Purposes Only

Description	FY 2021-22 Fee	Unit
-------------	----------------	------

Lamorinda Fee and Finance Authority (LFFA) - subject to change annually on January 1 (Resolution 10-2016)

Development projects within the Town of Moraga are also subject to the following development fees of the Lamorinda Fee and Finance Authority. Calendar year 2021 Fees are as per Resolution 76-18, City of Orinda

Single-Family	\$8,472.08	Dwelling Unit

Multi-Family (TOD) 2	\$3,143.36	Dwelling Unit
Commercial	\$9.06	per Square Foot
Other	\$932.42	Daily Trip

1 Multi-family also includes new second units constructed on parcels with existing single-family homes

2 TOD - Transit Oriented Development

Note: The local share for the Town of Moraga is 50% of the rate. Additionally, the Town of Moraga receives a regional share of the pool at a rate of 16.5%.

TOWN OF MORAGA

BEFORE THE TOWN COUNCIL OF THE TOWN OF MORAGA

In the matter of:

Adopting the Town of Moraga's)
Updated Fiscal Year 2021/22 Master)
Fee Schedule, Effective July 11, 2021)

Resolution No. 20 - 2021

WHEREAS, Government Code Sections 65104, 65909.5, and 66014 allow the Town to establish fees to offset the Town's costs in processing permits, licenses, subdivision maps and entitlements, and other services; and

WHEREAS, the Town of Moraga provides certain services to its residents and those doing business in the Town; and

WHEREAS, the cost of such services and documents are appropriately charged to the recipient of those services; and

WHEREAS, the amount of such charges must be adjusted from time to time to reflect the true costs of such documents and services; and

WHEREAS, the Town staff has researched and analyzed the costs for services provided and determined the appropriateness of the charges relative to the costs for the services; and

WHEREAS, the fees do not exceed the reasonable cost of providing the services; and

WHEREAS, the Town Council has provided an opportunity for public comment and input at a regularly scheduled public meeting as required by Government Code Section 66016; and

WHEREAS, Attachment C of the staff report to this Resolution outlines the respective fees for services in a format that presents the current and proposed fees; and

WHEREAS, for ease of reference, Attachment D of the staff report to this Resolution also includes development impact fees that were previously adopted and that automatically increase annually on July 1 in accordance with the Moraga Municipal Code.

NOW, THEREFORE, BE IT RESOLVED that the Town Council of the Town of Moraga:

1. Hereby finds with respect to the fees listed in Attachment B of the staff report to this Resolution, except for the development impact fees, that there is a reasonable relationship between the amount of the fee and the estimated reasonable cost of providing the type of service for which the fee is imposed; the allocation of the cost to each fee payor bears a fair and reasonable relationship to the fee payor's burdens on, and the benefits received from, the Town; and the fees do not exceed the reasonable cost of providing the service for which the fee is charged; and hereby adopts and authorizes such fees as listed in Attachment B; and

2. Hereby incorporates the previously adopted development impact fees, with the previously approved automatic escalator, in the Master Fee Schedule for ease of reference and without modifying or amending such fees or the underlying fee approvals in any manner; and

BE IT FURTHER RESOLVED that the updated Master Fee Schedule will become effective July 11, 2021, 60 days after the adoption of this resolution.

PASSED AND ADOPTED by the Town Council of the Town of Moraga at a regular meeting held on May 12, 2021 by the following vote:

AYES: Mayor McCluer, Vice Mayor Woehleke, Councilmembers Onoda, Sos and Stromberg

Development Mitigation Fee Program)
Nexus Study and Impact Fees, and)
Approving the First Amendment to the)
Joint Exercise of Powers Agreement by)
and Among the City of Lafayette, the City)
of Orinda, and the Town of Moraga)
Relating to the Lamorinda Fee and)
Financing Authority)

Resolution No. 10 - 2016

WHEREAS, on June 8, 1998, the City of Lafayette, City of Orinda, and Town of Moraga, each referred to as a "City," and collectively as the "Cities," entered into the Joint Exercise of Powers Agreement by and among the City of Lafayette, the City of Orinda, and the Town of Moraga Relating to the Lamorinda Fee and Financing Authority (LFFA) (the "Original JPA"); and

WHEREAS, the purpose of the Original JPA is to establish a development fee program within Lamorinda, in accordance with the requirements of the voter-approved Measure C (and the subsequent Measure J) sales tax program, which require each County sub-region, including Lamorinda, to "establish a development mitigation program to ensure that new growth is paying its share of the costs associated with such growth," and to coordinate planning and implementation of the Program within a single public agency; and

WHEREAS, the Original JPA included a program to implement the Development Mitigation Fee Program, as well as an Expenditure Plan; and

WHEREAS, the Cities are currently in the process of updating the fee program and Expenditure Plan and desire to amend the Original JPA to include provisions regarding the updated fee and expenditure plan; and

WHEREAS, DKS Associates, on behalf of the LFFA has prepared the Nexus Study for the Lamorinda Development Mitigation Fee Program ("2015 Nexus Study"), included as Attachment B of the February 10, 2016 Town Council Staff Report and incorporated herein by reference, that provides an evaluation of the need for the Lamorinda Development Impact Fee and establishes the nexus between the imposition of such impact fees and the estimated reasonable cost of providing the improvements for which the fees are charged; and

WHEREAS, Government Code section 66001 requires that, in any action establishing a fee as a condition of approval of a development project, a local agency shall:

- (1) Identify the purpose of the fee.
- (2) Identify the use to which the fee is to be put.
- (3) Determine how there is a reasonable relationship between the fee's use and the type of development project on which the fee is imposed.
- (4) Determine how there is a reasonable relationship between the need for the public facility and the type of development project on which the fee is imposed.
- (5) Determine how there is a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development on which the fee is imposed; and

WHEREAS, on January 20, 2016 the Lamorinda Fee and Finance Authority unanimously recommended adoption of the 2015 Nexus Study and the First Amendment to the Joint Exercise of Powers Agreement by the Cities; and

WHEREAS, in accordance with Government Code Section 66016, the AB 1600 Studies were made available for public review and comment 10 days prior to this meeting;

WHEREAS, the AB 1600 Studies substantiate the need for the proposed impact fees;

WHEREAS, the Town Council wishes to adopt these proposed impact fees in accordance with the calculations and recommendations contained in the AB 1600 Studies and accompanying reports;

WHEREAS, in compliance with the Mitigation Fee Act (Government Code section 66000 et seq.), the Town Council held a noticed public meeting on the proposed establishment of the impact fees on February 10, 2016 to solicit public input on the proposed impact fees;

NOW, THEREFORE, BE IT RESOLVED that the Town Council of the Town of Moraga hereby takes the following actions:

Section 1. Adoption of 2015 Nexus Study and Fees

A. Findings.

1. The Town Council finds and determines that the 2015 Nexus Study complies with California Government Code section 66001, and as to each of the proposed impact fees to be imposed on new development:

- (a) Identifies the purpose of the fee;

- (b) Identifies the use to which the fee will be put;
- (c) Shows a reasonable relationship between the use of the fee and the type of development projects on which the fee is imposed;
- (d) Demonstrates a reasonable relationship between the need for the public facilities and the type of development projects on which the fee is imposed; and
- (e) Demonstrates a reasonable relationship between the amount of the fee and the cost of the public facilities or portion of the public facilities attributable to the development on which the fee is imposed.

2. The Town Council further finds that:

- (a) the fees imposed by this resolution are to fund the highway and arterial improvements, transit projects, and pedestrian and bicycle improvements of regional and subregional significance as set forth Attachment 2-A of the First Amendment to the Joint Exercise of Powers Agreement;
- (b) The Town Council has considered the specific public facilities and cost estimates identified in the 2015 Nexus Study, and hereby approves such public facilities and cost estimates and further finds that the cost estimates serve as a reasonable basis for calculating and imposing the development impact fees for such public facilities;
- (c) there is a reasonable relationship between the proposed uses for the fees imposed by this resolution and the types of development upon which the fees are imposed in that the developments will generate additional traffic on thoroughfares in the Lamorinda area, thus creating a need to expand, extend or improve existing thoroughfares and other transportation facilities or construct new ones to mitigate adverse traffic and infrastructure impacts otherwise resulting from those developments;
- (d) the fees will be used to pay for the administration, planning, environmental documentation, design, right of way acquisition and construction of the improvements described in the First Amendment to the Joint Exercise of Powers Agreement, and the fees will be used solely for eligible improvements approved by the parties to the Joint Exercise of Power Agreement; and
- (e) the nexus findings, in conformity with Government Code section 66000, et seq., contained in the 2015 Nexus Study, dated December 2015, prepared for LFFA by DKS Associates, Inc., which

is on file with the Town Clerk, are incorporated in this resolution by reference.

3. The Town Council further finds that the public facilities and fee methodology identified in the 2015 Nexus Study are consistent with the Town's General Plan and, in particular, those policies that require new development to mitigate its share of the impacts to Town infrastructure and to be fiscally neutral.

4. The Town Council further finds that adoption of the 2015 Nexus Study and the establishment and/or increase in development impact fees are not subject to the California Environmental Quality Act in that they are not a "project." Pursuant to CEQA Guidelines section 15378(b)(4), the creation of government funding mechanisms which do not involve any commitment to any specific project which may cause a significant effect on the environment, is not defined as a "project" under CEQA.

B. Fees for Uses Consistent with 2015 Nexus Study

The Town Council hereby determines and requires that the fees imposed pursuant to this Resolution shall be used solely to finance the public facilities described or identified in the 2015 Nexus Study and as allowed under the Mitigation Fee Act (Government Code section 66000 et seq.) including, but not limited to, reimbursing the Town for the costs associated with the implementation and administration of the Lamorinda Development Mitigation Fee Program.

C. Adoption of 2015 Nexus Study.

The 2015 Nexus Study is hereby adopted.

D. Amount of Fee.

The Town Council hereby approves and adopts the development impact fees as set forth in Exhibit A to this Resolution, attached hereto and incorporated herein by reference. The development impact fees set forth in Exhibit A are consistent with the 2015 Nexus Study, and shall be modified in accordance with the Joint Exercise of Powers Agreement by and Among the City of Lafayette, the City of Orinda, and the Town of Moraga Relating to the Lamorinda Fee and Financing Authority (JPA) and such amendments to the JPA that are adopted. Such fee modifications include, but are not limited to, the automatic annual increase of the fee by the amount of the increase in the ENR Construction Cost Index for the San Francisco Bay area for the period ending September 30 of if the preceding fiscal year over the year-earlier amount.

Section 2. Approval of the First Amendment to the Joint Exercise of Powers Agreement

The Town Council hereby approves the First Amendment to the Joint Exercise of Powers Agreement by and Among the City of Lafayette, the City of Orinda, and the Town of Moraga Relating to the Lamorinda Fee and Financing Authority (the "First

Amendment") as set forth in Exhibit B to this Resolution, subject to minor clarifications or modifications that may be approved by the Interim Town Manager and Town Attorney, and authorizes the Mayor to execute the First Amendment on behalf of the Town of Moraga.

Section 3. Severability.

If any action, subsection, sentence, clause or phrase of this Resolution, or any attachments hereto, shall be held invalid or unconstitutional by a court of competent jurisdiction, such invalidity shall not affect the validity of the remaining portions of this Resolution or other fees levied by this Resolution that can be given effect without the invalid provisions or application of fees.

Section 4. Effective Date.

Pursuant to the Original JPA, the fees shall not be effective unless and until all three parties to the Original JPA adopt the fee. Pursuant to Government Code section 66017(a), the fees identified in Exhibit A shall take effect 60 days following the adoption of the fee and execution of the First Amendment by the Town of Moraga, City of Lafayette, and City of Orinda, with the 60 day period commencing with the date of adoption by whichever city is the last to adopt the fee.

PASSED AND ADOPTED by the Town Council of the Town of Moraga at a regular meeting held on February 10, 2016 by the following vote:

AYES: Mayor Metcalf, Councilmembers Arth, Onoda and Wykle
NOES: None
ABSTAIN: None
