PUBLIC WORKS/ENGINEERING  
DEPARTMENT

## St. Mary's Road at Rheem Boulevard and Bollinger Canyon Road Roundabouts Project

**We want your input!**

**What: Project Community Meeting**  
**When: Thursday, July 20, 2017, 6:00 pm**  
**Where: Council Chambers and Community Meeting Room,  
335 Rheem Boulevard, Moraga**

The public is invited to attend a community meeting for the St. Mary's Road Roundabouts Project. The project seeks to improve safety and traffic operations by placing a roundabout at the intersection of St. Mary's Road and Rheem Boulevard, and a mini-roundabout at the intersection of St. Mary's Road and Bollinger Canyon Road. The presentation at the council chambers will cover the reasons for and history of the project, an overview and analysis of the proposed improvements, the benefits of roundabouts, and opportunities for bicycle, pedestrian, and landscaping improvements to the area.

Please join Town representatives and project team members to learn about the project and give your feedback on design options. There will be an interactive questions and answers period with the project team immediately following the presentation. Light snacks will be provided.
