Town of Moraga  
2021 Street Repair Project  
Town Project No. 21-401

The Town of Moraga has awarded the 2021 Street Repair Project construction contract to Bear Construction, Inc. You are receiving this notice because your or an adjacent street will have pavement repairs completed which may affect your normal route of travel. Please see the list of streets and map of the streets attached to this letter.

The goal of this project is to provide improvements to the pedestrian and vehicular facilities in the Town of Moraga. The major components of the work include replacing limited concrete curb, gutter and sidewalks, digouts repairs, crack sealing and traffic striping. Work on this project is scheduled to begin on Wednesday, September 1st, 2021. Working hours are typically expected to be from 8:00 AM to 5:00 PM, Monday through Friday, some variations in this schedule may occur. The project is scheduled to be completed November 2021.

For major operations of work street parking will be prohibited. Please look for "No Parking" signs posted on barricades specify the dates and hours of restricted parking. It is critical that no cars remain parked on the street in posted areas during the indicated time period as they may be towed. There will be traffic and pedestrian handling procedures put in place to minimize any inconveniences that may be caused by construction, however we recommend taking alternate routes where possible and finding parking on adjacent streets to avoid any problems. The public will have access to residences, but keep in mind, that delays are expected during working hours. **Emergency access will always be provided.**

Note that your garbage pickup will continue to be on the regular day; please put your containers out the night before as usual. All postal services will continue as well.

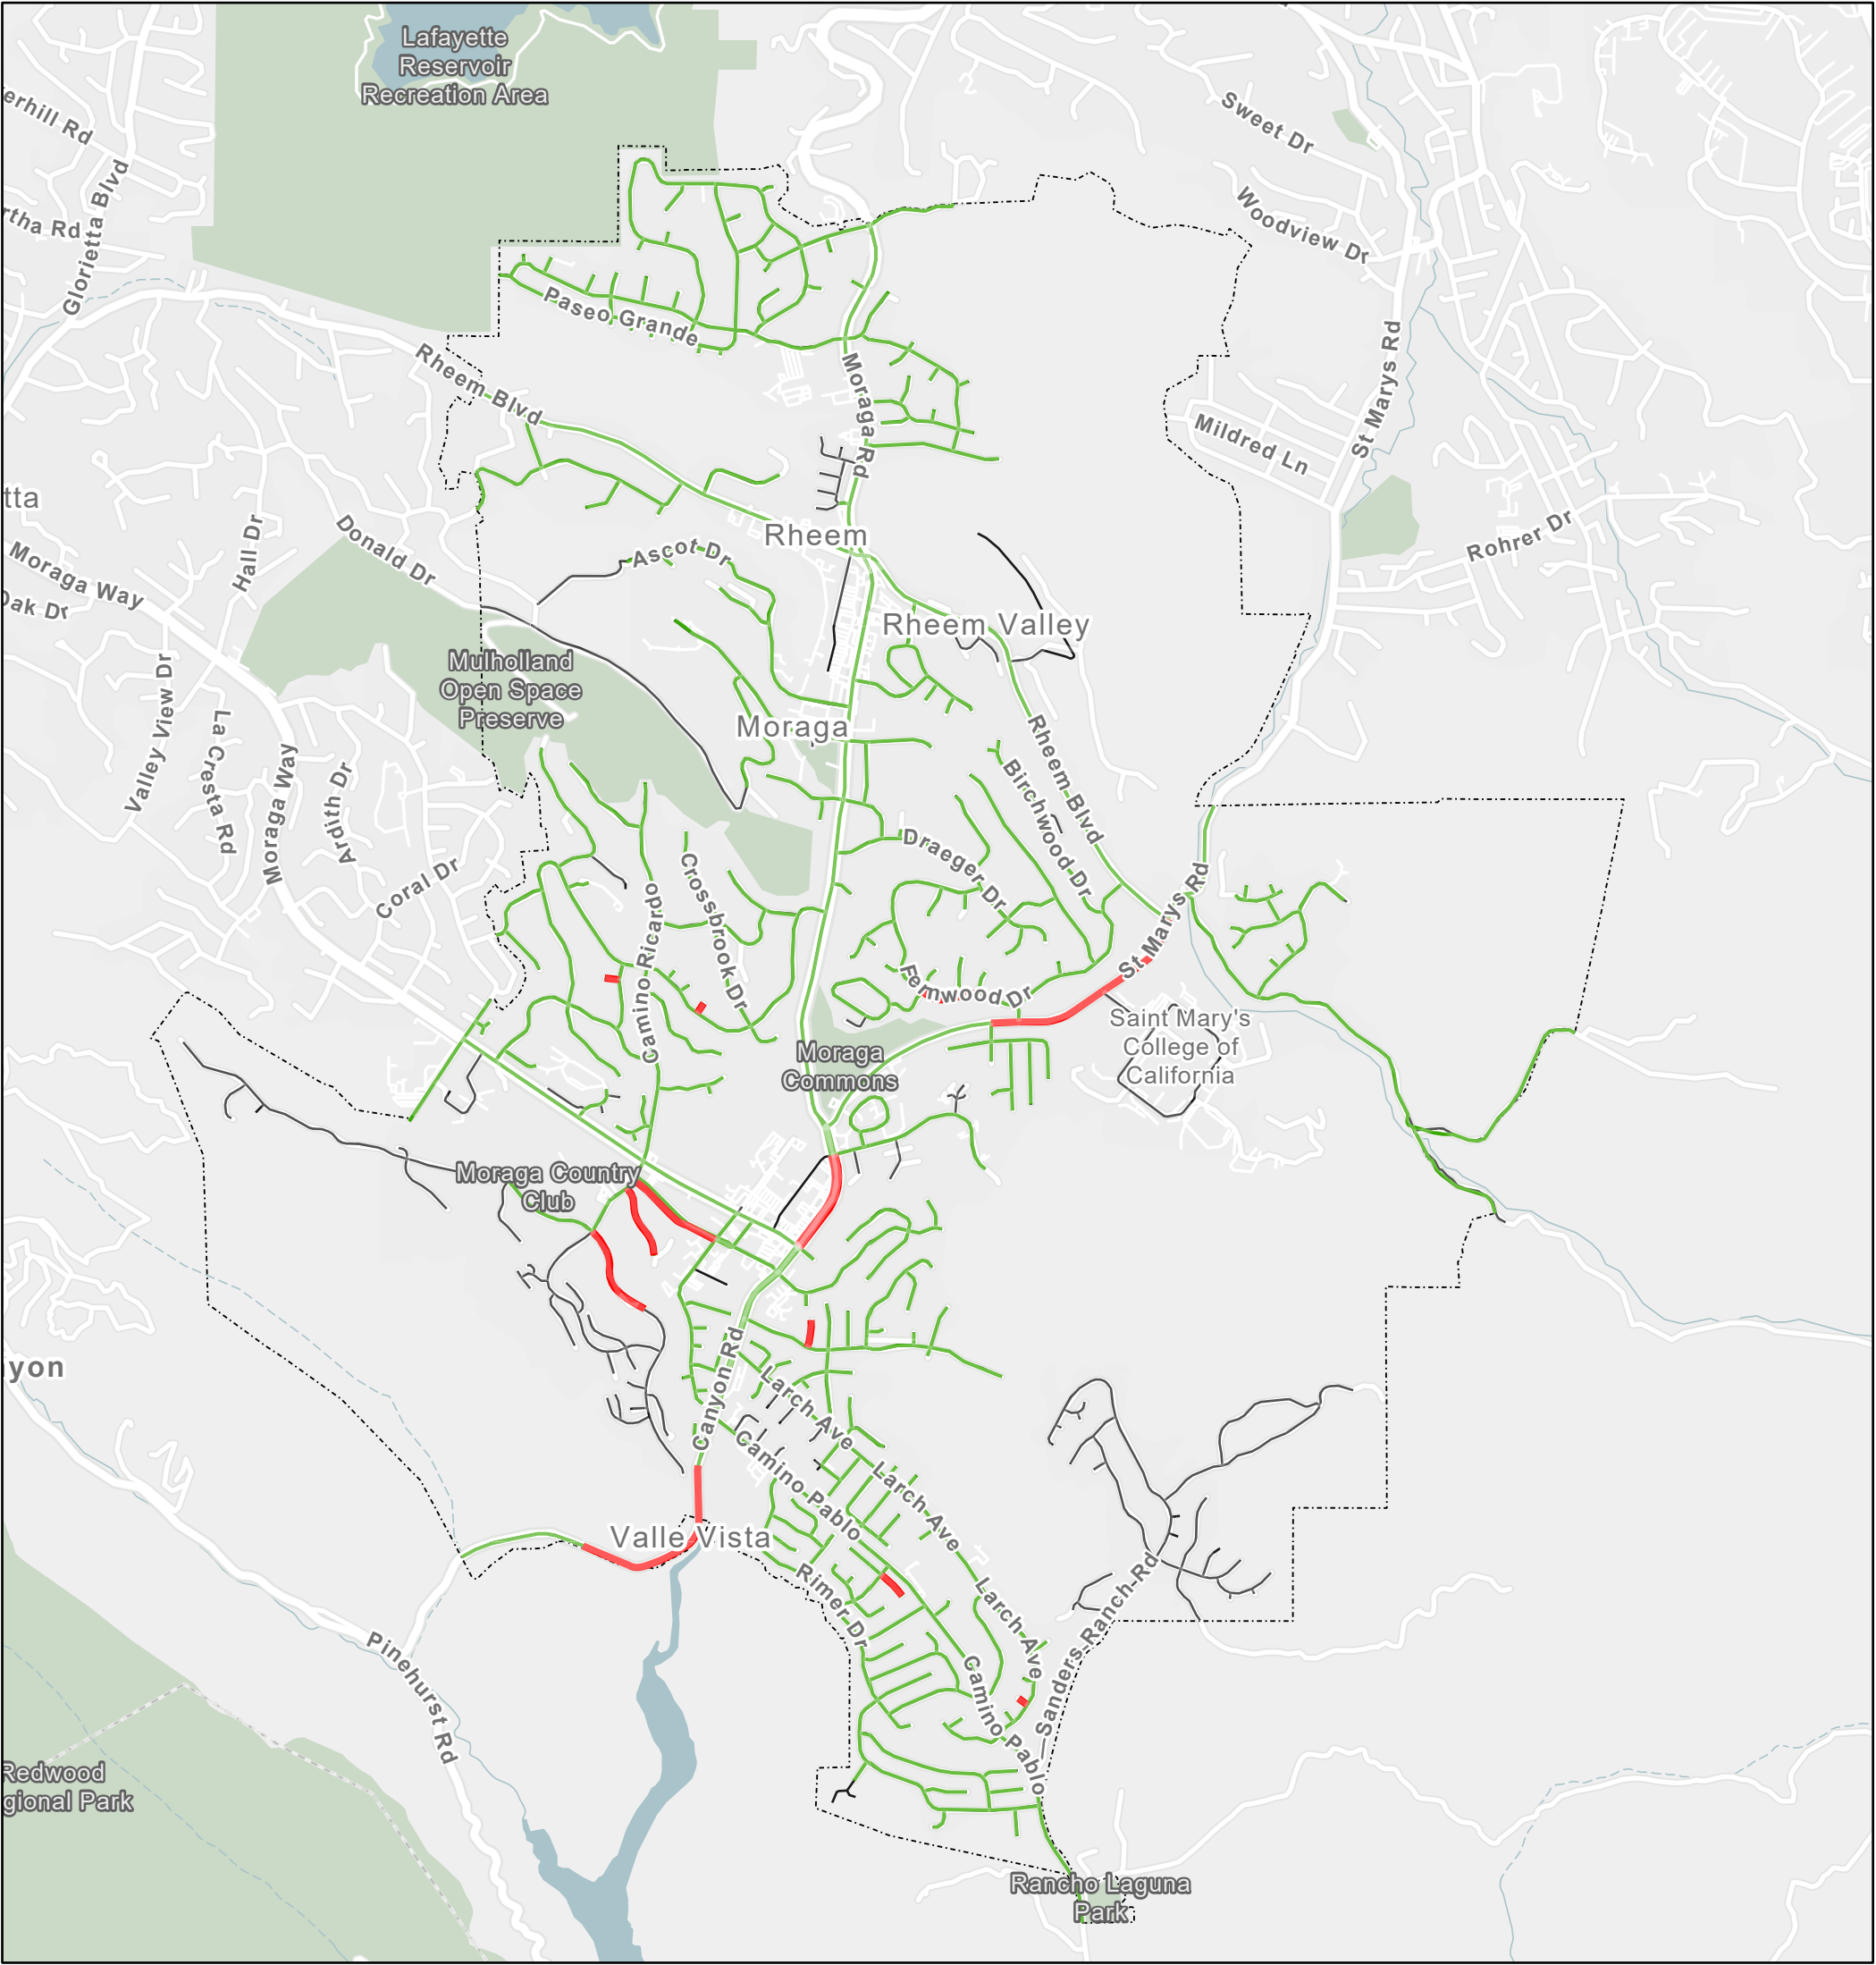

Your patience and cooperation is greatly appreciated during this important project.

For more information and updates, please visit the project website at [www.moraga.ca.us/2021streetrepair](http://www.moraga.ca.us/2021streetrepair). You can also sign up to receive project updates at [www.moraga.ca.us/notifyme](http://www.moraga.ca.us/notifyme).
